SUBJECT INDEX

A

Abdominal adhesions, early postoperative lysis of, 1058
 Abdominal aortic aneurysms
 infected, diagnosis and treatment of, E149
 pseudoaneurysm after repair of, E275
 Abdominal compartment syndrome
 in acute pancreatitis, 601
 bladder pressure measurement in, 135
 closed laparostomy in prevention of, 437
 toxic megacolon with, E349
 Abdominal cutaneous nerve entrapment syndrome, 1111
 Abdominal intercostal hernia, traumatic, E324
 Abdominal pain, gastric electrical stimulation for, 457
 Abdominal surgery, perioperative glutamine-supplemented parenteral nutrition in, 506
 Abdominal wall
 endometriosis of, E69
 hernias of
 from handlebar injury, E192
 Permacol™ biologic mesh for, 992
 Abdominal wounds, combat, damage control and open abdomen for, 747
 Abdominoplasty, postbariatric, 1316
 Abscess, groin, with bevacizumab therapy, E67
 Accreditation Council for Graduate Medical Education, duty-hour restrictions of, 711
 Achalasia, Chagas' disease
 laparoscopic Heller myotomy and fundoplication for, 72
 Acute respiratory distress syndrome
 in morbidly obese patients, 242
 Adenocarcinoma
 age and comorbidity in surgical outcome of, 40
 fistula-associated perianal mucinous, E286
 mucin-producing versus conventional, survival comparison of, 49
 pancreatic
 nontherapeutic celiotomy and pancreaticoduodenectomy for, 781
 retrograde versus radical antegrade modular pancreatectosplenectomy for, 1154
 sigmoid colon, 1305
 small bowel, peritoneal carcinomatosis from, 644
 Adenoma, giant hepatic, 889
 Adenosquamous cell carcinoma
 clinicopathologic and prognostic analysis of, E206
 rectal, E255
 Adhesion lysis, robot versus nonrobotic, 553
 Adolescent trauma, treated at adult versus pediatric trauma centers, 267
 Adrenal gland cysts, 1224
 pathological features of, 1159
 Adrenalectomy
 retroperitoneoscopic versus transperitoneal laparoscopic, 162
 robot versus nonrobotic, 553
 robotic-assisted retroperitoneoscopic, 84
 Adrenergic blockade, preoperative, 1196
 Adrenocortical carcinoma, advanced, surgical management of, 1115
Aeromonas hydrophilia, after motorcycle accident, E326
 Age
 in gastrectomy outcome, 40
 in mortality with urgent thoracotomy, 1248
 Agency for Healthcare Research and Quality, Patient Safety Indicators of, 478
 AIDS cholangiopathy, extrahepatic cholangiocarcinoma in, 321
 Air rifle pellet migration, E33
 Airbag deployment, blunt thoracic aortic injury and, E335
 Airway pressure release ventilation, in morbidly obese patients, 242
 Albany Medical Center, Department of Surgery, history of, 221
 Alcohol intoxication, survival of severe injury and, 1289
 Alkaline reflux, after total gastrectomy and Roux-en-Y reconstruction, 1220
 All-terrain vehicle accidents, severity of despite safety laws, E204
 AlloDerm®, for cutaneous and soft tissue malignancy defects, 476
 Alpha-fetoprotein staging system, for hepatocellular carcinoma, 716
 Alvimap (Entereg™), in minimally invasive colorectal surgery, 630
 American Joint Committee on Cancer staging criteria, revised, 1045
 Anal canal neoplasms, incidence and survival patterns of, 1068
 Anastomosis
 leaking, 194
 for traumatic colon injury, 119
 Anesthesia, first pediatric operation under, 344
 Aneurysms, infected abdominal aortic, E149
 Angloembolization, splenic contrast blush and, 1089
 Angiography, for lower GI bleeding, 375

Angiomyxoma, presacral aggressive, E262
 Anion gap, predicting trauma outcomes in elderly, 1203
 Anomalous congenital band, in pediatric sigmoid volvulus, 1140
 Antibiotics
 in esophageal perforation treatment, 902
 for *Staphylococcus aureus* infections, 1
 Anticoagulation therapy, adverse effects of in trauma patients, 113
 Antimicrobial stewardship program recommendations, compliance with, 1269
 Antiplatelet therapy, in coronary stent management, 514
 Antireflux operation, with laparoscopic paraesophageal hernia repair, 572
 Aortic insufficiency, infective endocarditis in, E267
 Aortic trauma, thoracic
 disruptive, 594
 endovascular repair of, 806, E91
 Aortobifemoral bypass, 61
 Aortobiliaic bypass, 61
 Aortoduodenal fistula, after radiotherapy, E158
 Aortoiliac occlusive disease, bypass surgery for, 61
 Appendectomy
 Clostridium difficile colitis and, E258
 delayed, 217
 laparoscopic
 versus open, in children, 861
 persistent omphalomesenteric artery during, E10
 safety of, 802
 suture granuloma after, E197
 Appendix, villous adenoma of, E49
 Appendicitis
 ability of residents to predict, 1308
 in children
 delayed treatment of, 875
 financial impact of surgical technique for, 857
 perforated, 861
 diagnostic accuracy in, 101
 laparoscopic appendectomy for, 802
 septic thrombophlebitis with, E31
 Appendicopathia oxyurica, pediatric, 873
 Arrow injury, penetrating thoracic, 1226
 Aspirin, for asymptomatic carotid artery stenosis, 987
 Attending surgery supervision, in preventable complications and death rates, 1134
 Autogenous vein, in patch reconstruction, E151
 Automobile-deer collisions, outcomes of, 1313
 Axillary artery bullet embolus, after gunshot wound to back, E172
 Axillary node metastasis, of occult breast cancer, E217
 Axillary tumors, new entity of, E19

B

Back, gunshot wound to, E310
 Barcelona Clinic Liver Cancer (BCLC) staging classification, for hepatocellular carcinoma, 716
 Bariatric surgery
 gender differences in outcomes of, 543
 single-incision, 393
 Barrett, N. R., esophageal perforation treatment of, 902
 Basal cell carcinoma, pulmonary metastasis of, E221
 Bassini, Edoardo, profile of, 1131
 Bechet's syndrome, pulmonary artery involvement in, E154
 Bevacizumab therapy, groin abscess with, E67
 Bibliopancreatic diversion, gender differences in outcome of, 543
 Bicycle injury
 abdominal wall hernia from, E192
 of external iliac artery, E119
 Bile duct stones
 with gallbladder stones, 1142
 one-step laparoscopic and endoscopic treatment of, 1243
 Bile duct strictures, choledochoduodenostomy for, 1054
 Biliary atresia, cystic, 870
 Biliary-enteric bypass, for common bile duct strictures, 1054
 Bladder pressure, in abdominal compartment syndrome diagnosis, 135
 Bleeding
 hemostasis in control of, 180
 lower GI, localization and control of, 375
 Blood transfusion components, negative effects of, 35

Blunt trauma

- abdominal intercostal hernia after, E324
- in bladder rupture, 489
- to bowels, early diagnosis and outcomes of, 922
- carotid artery and cervical vascular, CT angiography for, 1001
- to chest, venous thromboembolism risk in, 502
- emergency department thoracotomy for, 982
- to gallbladder, laparoscopic cholecystectomy after, E160
- hormonal protection and, 944
- splenic contrast blush and, 1089
- in submandibular gland injury, E1
- to thoracic aorta

 - endovascular repair for, 806
 - seatbelt use and airbag deployment and, E335

- in thoracic aorta disruption, 594

Body mass index loss, in laparoscopic sleeve gastrectomy, 739

Boerhaave, Herman, esophageal perforation treatment of, 902

Boerhaave syndrome, stenting versus operative management for, 634

Bone cement, multiperforated, in sternal reconstruction, E83

Bowel. *See Colon; Duodenum; Intestines; Large bowel obstruction; Small bowel*

Brain, air rifle pellet migration from, E33

BRCA genes, prophylactic mastectomy and, 205

Breast

- cancer of
 - Air Force detection and treatment trends for, E209
 - invasive, postmastectomy reconstruction and survival with, 977
 - occult, axillary node metastasis of, E211
 - prophylactic mastectomy and, 205
- core biopsy of papillary lesions on, 1238
- health of: Internet, e-mail, and instant messaging in promoting, 997
- invasive lobular carcinoma of, re-excision rate in, 1119

Breast-conserving surgery, re-excision rate after, 1119

Bronchogenic cyst, intra-abdominal, E156

Bronchus, main, video endoscope removal from, E185

C

Campbell, Eldridge, at Albany Medical Center, 221

Cancer. *See also specific types*

- en bloc right hemicolectomy/pancreaticoduodenectomy for, E238
- of gallbladder, revised staging criteria for, 1045
- gallbladder polyps and, 1005
- hepatocellular, alpha-fetoprotein staging system for, 716
- primary adenosquamous rectal, E255
- small cell of stomach, E305
- of ureteral stump, E231

Carcinomatosis, peritoneal, cytoreductive surgery and chemotherapy for, 644

Carcinosarcoma, gallbladder, E37

Cardiac surgery

- focused quality improvement plan in, 1040
- pioneer of, 449

Cardiac tamponade, delayed ventricular laceration presentation with, E219

Cardiopulmonary arrest, prolonged traumatic, survival after, 649

Cardiopulmonary bypass, lower limb compartment syndrome after cannulation for, E175

Carotid artery

- asymptomatic stenosis of, 987
- blunt injuries of, CT angiography for, 1001

Carotid body paraganglioma, hepatic metastasis of, E194

Catheter-associated urinary tract infections, reminder systems to reduce, 745

CDX2 expression, predicting survival in colorectal cancer, 353

Cecum

- diverticulitis of, after laparoscopic resection, 114
- suture granuloma of, E197

Celiotomy, nontherapeutic, pancreaticoduodenectomy and, 781

Cellulose-based hemostatics, in traumatic injury, 180

Centimeter, pronunciation of, 541

Central nervous system injuries, high-risk behavior and, 1086

Cerebral artery, middle, shotgun pellet embolization in, E322

Cerilli, G. James, at Albany Medical Center, 221

Cervical spine, prehospital clinical clearance of, 1213

Cervical vascular injuries, CT angiography of neck for, 1001

Chemoradiation, preoperative, for rectal cancer, 151

Chemotherapy

- hyperthermic intraperitoneal, 620, 644
 - in peritoneal carcinomatosis, 644
 - in peritoneal sarcomatosis, 620
- timing of for colorectal liver metastases, 414

Chest injury, penetrating, with hemothorax, E56

Children

- appendicitis in
 - delayed treatment of, 875
 - financial impact of surgical technique in, 857
 - perforated, cost and outcomes of appendectomy for, 861
- appendicitis oxyurica in, 873
- barriers to surgical care for, 885
- giant hepatic adenoma in, 889
- MRI in managing Crohn's disease in, 672
- scarless laparotomy in, 1304
- sigmoid volvulus in, 1140
- single-port laparoscopic cholecystectomy in, 897
- trauma to
 - in combat support hospital, 257
 - in horseriding accidents, 1312

Chitosan, in traumatic injury, 180

Cholangiocarcinoma, extrahepatic, in AIDS cholangiopathy, 321

Cholangiography, intraoperative, for gallbladder and bile duct stones, 1243

Cholangiopathy, AIDS-related, 321

Cholecystectomy

- establishing benchmarks in, 1253
- for hyperkinetic gallbladder, 882
- laparoscopic
 - after blunt gallbladder trauma, E160
 - spilled gallstones after, E106
 - robot versus nonrobotic, 553
 - single-incision laparoscopic, 1227
 - single-port laparoscopic, in children, 897

Cholecystitis

- minimally invasive surgery for during pregnancy, E251
- percutaneous cholecystostomy for, 524
- rheumatoid nodules in, 216

Cholecystocholedocholithiasis, minimally invasive treatment of, E108

Cholecystostomy, percutaneous, in elderly high-risk patients, 524

Choledochal cysts

- postoperative complications in, 1221
- unusual variants of, E162

Choledochoenterostomy, for distal common bile duct strictures, 1054

Circumcisions, nonneonatal, costs of, 865

Clostridium difficile colitis, with previous appendectomy, E258

Colectomy

- after CT-guided percutaneous drainage for diverticular abscess, 1013
- laparoscopic-assisted sigmoid, for diverticular colovesical fistula, E289
- splenic flexure mobilization in, 1305
- transverse, in early postoperative enteric fistula, 1058

Colitis, *Clostridium difficile*, with previous appendectomy, E258

Collis, J. L., esophageal perforation treatment of, 902

Colon. *See also Sigmoid colon*

occult colonic, in sigmoid colon perforation, E273

Malignant blue nevus, clinicopathology of, 651

Malignant sternal tumors, sternal reconstruction in treatment of, E83

Mallory, T. B., esophageal perforation treatment of, 902

Mammary artery hemorrhage, with squamous cell carcinoma, E316

Mammography: Internet, e-mail, and instant messaging in promoting, 997

Manometric patterns, of esophageal motility disorders, 361

March, Alden, at Albany Medical Center, 221

Massive transfusion protocol, with packed red blood cells, 810

Mastectomy

prophylactic, 205

reconstruction after, 977

Mastitis, plasma cell, therapy method for, 54

Mathematics, interdigititation of advances in, 1231

Matrix metalloproteinases, in hemorrhoidal disease, 1181

Mechanism of injury, and trauma center admission, 1149

Mediastinal, giant malignant melanocytic schwannoma of, E22

Medical science, interdigititation of advances in, 1231

Medical students, patient attitude toward, 1235

Melanoma

of anal canal, incidence and survival patterns of, 1068

malignant blue nevus and, 651

sentinel lymph node biopsy for, 388

Memory ring, in inguinal hernia repair, quality of life after, 786

Mesenteric lipodystrophy, E269

Mesenteric vein, superior, septic thrombophlebitis of, E31

Mesenteritis, sclerosing, progression into intra-abdominal abscesses, E25
Mesh

- bioabsorbable
 - in closed laparostomy, 437
 - in laparoscopic hiatal hernia repair, 1017
 - biologic, for abdominal wall hernia repair, 992
 - fibrin glue for fixation of, 1177
 - polypropylene, for contaminated large ventral hernia, 1298
 - three-dimensional, in inguinal hernia repair, 786

Mesorectal excision, tailored, for rectal cancer, 151
Metalloproteinases, in hemorrhoidal disease, 1181

Metastasis

- colorectal, negative effects of blood transfusion after hepatectomy for, 35
of GI stromal tumors, 657
to liver
 - from carotid body paraganglioma, E194
 - from colorectal cancer, 495
 - noncolorectal, nonneuroendocrine, 323
 - of occult breast cancer, E217
 - pulmonary, of basal cell carcinoma, E221

Methicillin-resistant *Staphylococcus aureus*, challenge of, 1
Methylene blue dye, in sentinel lymph node identification, 331

Metronidazole, for toxic megacolon with abdominal compartment syndrome, E349

MIIB approach, to minimally invasive parathyroidectomy, 797

Minimally invasive treatment

- for acute cholecystitis during pregnancy, E251
- of benign gastric tumors, 968
- of cholecystocholeodocholithiasis, E108
- colorectal, 630
- of diaphragmatic eventration, 893
- of drain removal complications, E141
- in esophageal perforation treatment, 902
- of Spigelian hernia, E284

Morbidity, obesity and after laparotomy, 247

Morning rounds, saving time on, 110

Mortality

- early
 - after trauma, 764
 - from recurrent esophageal cancer, 528
- interhospital transfer as risk factor for, 909
- obesity and after laparotomy, 247
- predictors of in necrotizing soft tissue infections, 1102
- relational database to improve, 706

Mortality rates

- in-house attending surgery supervision and, 1134
- with urgent thoracotomy, age and, 1248

Motor vehicle collisions

- with deer, 1313
- high-risk behavior and, 1086
- red light cameras reducing, E347

Motorcycle accidents

- with deer, outcomes of, 1313
- necrotizing fasciitis and *Aeromonas hydrophilia* after, E326

Multidisciplinary care program, in quality of pancreatic surgery, 775

Multimodal fast-track pathway, for minimally invasive colorectal surgery, 630

Multimodality therapy, in fistula-associated perianal mucinous adenocarcinoma, E286

Mushroom bezoar

- in complete small bowel obstruction, E102
- small bowel perforation after, E278

Myofibroblastoma, intranodal palisaded, E19

Myositis, in streptococcal pharyngitis, E296

N

Narcotic requirement, early IV ibuprofen after rib fracture and, 1207

Nasogastric decompression, in small bowel obstruction, 422

National Surgical Quality Improvement Program (NSQIP), 261

- as quality improvement tool, 274

National Trauma Data Bank

- on hormonal protection in trauma, 944
- prehospital time for acute injuries trends in, 1218
- for traumatic sternal fractures, 702

Neck

CT angiography of, 1001

- penetrating trauma to, management strategies for, 23

Necrotizing fasciitis, after motorcycle accident, E326

Necrotizing soft tissue infections

- mortality and limb loss predictors in, 1102
- timing of resection in, 1081

Negative pressure wound therapy, for curviform skin graft wounds, E52

Neonatal jaundice, cystic biliary atresia and, 870

Neoplasms, parathyroid, in male patients, 1022

Nephrectomy

- trauma
 - dialysis-dependent renal failure after, 96
 - ureteral stump carcinoma after, E231
 - ureteral stump carcinoma after, E231

Neuroendocrine tumors

- of ampulla of Vater, long-term survival in, E199
- of anal canal, incidence and survival patterns of, 1068

Nevus, malignant blue, 651

Nipple

- florid papillomatosis of, E214
- Paget's disease of, with ductal carcinoma in situ, 1009

Nissen fundoplication, laparoscopic, outcomes of, 361

No Zone approach, to penetrating neck trauma, 23

Nutrition management, for chronic pancreatitis, E182

O

Obese patients

- airway pressure release ventilation in, 242
- hand-assisted laparoscopic versus open radical distal gastrectomy in, 1273

Obesity

- laparoscopic sleeve gastrectomy for, 739
- single-incision, 393
- in post-laparotomy morbidity and mortality, 247

Obturator hernia, in thigh pain, E28

Occular arterial bleeding, identifying in severe pelvic fracture, E80

Off-road vehicle accidents, pediatric trauma from, 1312

Omental cake, peritoneal sarcoïdosis and, E6

Omphalomesenteric artery, persistent, during laparoscopic appendectomy, E10

Open abdomen, race and insurance effects on, 928

Open surgery, laparoscopic conversion to, 914

Operating room

- carbon footprint of, 666
- direct or indirect helicopter transfers to, 939

Operation®, for practicing surgical skills, 547

Oral cavity cancers, sentinel lymph node biopsy in, 1295

Orthopedic traumatologists, at rural trauma center, 549

Osteogenic sarcoma, excision, managing renal tumors during, E88

Osteosarcoma, extraskeletal pancreatic head, E281

Oversedation, in postoperative patients on ventilator support, 1106

P

Packed red blood cells, in massive transfusion outcomes, 810

Paget's disease, of nipple, with parenchymal ductal carcinoma in situ, 1009

Pain, postoperative, predicting diminished quality of life, 829

Palmoplantar hyperhidrosis, severe, 845

Pancreas

- adenocarcinoma of
 - nontherapeutic celiotomy for, 781
 - retrograde versus radical antegrade modular pancreateosplenectomy for, 1154
- metastatic insulinoma of, F124
- solid pseudopapillary neoplasms of, 534

Pancreatectomy

- polytetrafluoroethylene versus autogenous vein reconstruction in, E151
- total, with islet cell autotransplantation (TPAT), 676

Pancreatic head

- extraskeletal osteosarcoma of, E281
- ultrasound-guided intraoperative transduodenal biopsy of, E357
- Pancreatic necrosis, video-assisted laparoscopic debridement for, 429
- Pancreatic surgery, multidisciplinary care in quality of, 775
- Pancreaticoduodenectomy
 - with en bloc right hemicolectomy, E238
 - temporary medium arcuate ligament syndrome after, E58
 - vascular resection outcomes in, 1064
 - vessel sealing during, 290
 - volume of and nontherapeutic celiotomy incidence, 781

Pancreatitis

- abdominal compartment syndrome in, 601
- duodenal-preserving pancreatic head resection and nutrition management of, E182
- infected necrotizing, video-assisted laparoscopic debridement for, 429
- managing pancreaticopleural fistula in, 614

with multiple enteric fistulae, E169
TPIAT for, 676

Pancreatosplenectomy, retrograde versus radical antegrade modular, 1154

Papillary lesions, in core breast biopsy, 1238

Papillomatosis, florid, of nipple, E214

Paraesophageal hernia, fundoplication with repair of, 572

Paraganglioma
hypoglossal, E114
primary thyroid, E351

Parathyroid
intraoperative monitoring of, 797
neoplasms in male patients, 1022

Parathyroid hormone measurement, in thyroideectomy risk stratification, 768

Parathyroidectomy
minimally invasive, sebastamib-only approach to, 797
response to in hyperparathyroidism, 337

Parenteral nutrition, perioperative glutamine-supplemented, 506

Patch reconstruction, polytetrafluoroethylene versus autogenous vein for, E151

Patient attitudes, toward medical students, 1235

Patient care, prehospital information in, 441

Patient Safety Indicators (AHRQ), validity of, 478

Pediatric patients. *See Children*

Pediatric surgery
first performed under anesthesia, 344
William Edwards Ladd as father of, 11

Pediatric trauma centers, versus adult trauma centers, 267

Pelvic fractures
occult arterial bleeding in, E80
at rural trauma center, 549

Pelvic stabilization device, loosening of in severe pelvic fracture, E80

Penetrating trauma
from arrows, thoracic, 1226
of chest, with hemothorax, E56
emergency department thoracotomy for, 982
hormonal protection and, 944
of neck, management strategies for, 23

Perianal adenocarcinoma, fistula-associated, multimodality therapy for, E286

Perianal fistula, refractory, ligation of, 723

Perianal mass, rectal adenocarcinoma presenting as, E228

Perianal ulcers, *Yersinia enterocolitica* infection manifesting as, E271

Pericardial windows, for penetrating chest injury, E56

Peristoma bowel resections, multiple, under regional anesthesia, E47

Peritoneal lavage, laparoscopic, 819

Peritoneal sarcoidosis, in omental cake, E6

Permacol™ biologic mesh, for abdominal wall hernia repair, 992

Pharyngitis, streptococcal, E296

Pheochromocytoma, preoperative doxazosin in surgery for, 1196

Phlebitis, in President Nixon's deep vein thrombosis, 128

Phytobezoar, laparoscopic-assisted extirpation of, E93

Pilonidal sinus surgery, flap techniques in, 1263

Pinworm, in pediatric appendicopathia oxyurica, 873

Plasma cell mastitis, clinical characteristics and therapy for, 54

Platyabdominalgia, description of, E40

Pleural empyema, with pancreatitis-induced pancreaticopleural fistula, 614

Pneumatosis intestinalis, after open jejunostomy tube placement, E73

Pneumomediastinum, superior mesenteric artery syndrome with, E240

Pneumonia
aspirated foreign bodies in, 891
ventilator-associated, intermittent dosing versus continuous infusion vancomycin for, 1185

Pneumoperitoneum, superior mesenteric artery syndrome with, E240

Poly-N-acetyl glucosamine, in traumatic injury, 180

Polyps, surgical alternatives for intestinal intussusceptions from, 933

Polytetrafluoroethylene, versus autogenous vein for patch reconstruction, E151

Popp, Albert John, at Albany Medical Center, 221

Portal hypertension, Fluency stent graft for TIPS in, 305

Portal-superior mesenteric vein resection, 534

Postoperative mortality
intermediate complications and, 261
model for end-stage liver disease predicting, 347

PowerPoint presentations, effective use of, 332

Powers, Samuel R., at Albany Medical Center, 221

Practice
in duty-hour restriction era, 711
surgery patterns of after coronary stents, 514

Pradaxa® (dabigatran), adverse effects of in trauma patients, 113

Prebiotics, before colorectal cancer surgery, E340

Pregnancy, cholecystitis during, minimally invasive surgery for, E251

Prehospital c-spine clinical clearance, 1213

Prehospital time trends, for acute injuries, 1218

Prepyloric gastric tumors, minimally invasive resection of, 968

Preterm infants, Hirschsprung's disease in, 734

Preventable complication rates, in-house attending surgery supervision and, 1134

Primitive neuroectodermal tumor, with soft tissue Ewing's sarcoma, E249

Probiotics, before colorectal cancer surgery, E340

Proctocolectomy, laparoscopic restorative, internal hernia after, E236

Prognostic scoring, after Klatskin tumor surgery, 90

Provider attitudes, in surgery after coronary stents, 514

Pseudoaneurysm
delayed para-anastomotic, E275
traumatic, of superficial temporary artery, E127

Pseudomyxoma peritonei, classification of, 1171

Pseudotumor cerebri, laparoscopic vertical sleeve gastrectomy for, E61

Psychiatric symptoms, in level 1 trauma center assessment, 492

Pulmonary arteriovenous fistula, after gunshot wound to back, E172

Pulmonary artery, management in Bechet's syndrome, E154

Pulmonary embolism
heparin prophylaxis for in traumatic brain injury, 1050
in President Nixon's deep vein thrombosis, 128
venovenous extracorporeal membrane oxygenation for, 444

Pulmonary hypertension, as risk factor in trauma patients, 743

Pulmonary lobectomy, robotic, early adoption of, 1075

Pulmonary metastasis, basal cell carcinoma, E221

Pyloric stenosis
after gastroschisis closure, 896
hypertrophic, laparoscopic pyloromyotomy for, 955

Pyloromyotomy, laparoscopic, 955

Q

Quality index, for multidisciplinary pancreatic surgery program, 775

Quality of care, improving after cardiac surgery, 1040

Quality of life
after open transinguinal preperitoneal inguinal hernia repair, 786
after TPIAT for chronic pancreatitis, 676
with fenestration of polycystic liver disease, E116
postoperative pain and, 829

Quality programs, relational database in, 706

R

Race, in open abdomen outcomes, 928

Radial artery injury, hand necrosis from, 1310

Radiography
of anastomotic leaks, 194
intraoperative digital specimen, in hyperparathyroidism treatment, 1098
trauma transfers and, 301

Radiotherapy
autoduodenal fistula after, E158
intraoperative, for rectal cancer, 151

Readmission rates, after cardiac surgery, reducing, 1040

Rear-end crashes, red light cameras reducing, E347

Recombinant factor VIIa, in traumatic injury, 180

Rectal surgery
laparoscopic lower anterior resection, 253
predictive risk factors for postoperative enteric fistula in, 1058

Rectal tubes, indwelling, 219

Rectovaginal fistula, after sclerotherapy injections, E143

Rectum
adenocarcinoma of presenting as giant perianal mass, E228
bleeding at, with indwelling rectal tubes, 219
cancer of
improved outcomes for, 151
low anterior resection in, 215
morbidity of diverting ileostomy for, 1034

diverticulum of after stapled procedures (letter), 1320

perforations of from phosphate enemas, E187

primary adenosquamous carcinoma of, E255

prolapse of, abdominal versus perineal approach to, 686

Red light cameras, reducing motor vehicle crashes, E347

Redebridement, in necrotizing soft tissue infection, 1081

Regional anesthesia, multiple peristomal bowel resections under, E47

Relational database, to improve mortality and length of stay, 706

Reminder systems, to reduce catheter-associated urinary tract infections, 745

Renal failure
acute, with colorectal surgery in kidney transplant recipients, 1026

dialysis-dependent, after trauma nephrectomy, 96

oliguric, rhabdomyolysis and, E337

Renal tumors, surgical management of during liposarcoma and osteogenic sarcoma excision, E88

Renocaval arteriovenous fistula, traumatic, E165

Renoileal fistula, spontaneous, E65

Resection

- abdominal and paracoccygeal, E262
- anatomical versus nonanatomical, for hepatocellular carcinoma, 1163
- for giant hepatic adenoma, 889
- laparoscopic versus open, for GI stromal tumors, 657
- for solid pseudopapillary neoplasms of pancreas, 534
- for traumatic colon injury, 119

Residents

- predicting appendicitis with CT, 1308
- simulator guidelines for assessment in flexible endoscopy, 14
- training of and laparoscopic operation outcomes, 325

Resource use, disproportionate, in ventral hernia repair, 815

Retroperitoneal liposarcoma excision, managing renal tumors during, E88

Retroperitoneal pancreatic collections, video-assisted laparoscopic debriement for, 429

Retroperitoneal tumors, retropancreatic, 470

Rhabdomyolysis, oliguria, renal failure and, E337

Rheumatoid nodules, in cholecystitis, 216

Rib fractures

- early IV ibuprofen after, 1207
- number of and trauma outcomes, 140

Robotic surgery

- versus nonrobotic surgery, 553
- pulmonary lobectomy, early adoption of, 1075
- using Operation® to practice, 547

Roux-en-Y gastric bypass

- alkaline reflux treatment after, 1220
- laparoscopic

 - internal hernia after, E260
 - small bowel obstruction after, phytobezoar extirpation for, E93
 - low oxygen saturation after, 540
 - postoperative complications in, 1221

Rural trauma centers, full-time orthopedic traumatologists at, 549

S

Safety legislation, severe all-terrain vehicle accidents despite, E204

Sarcoidosis, peritoneal, in omental cake, E6

Sarcoma

- managing renal tumors during excision of, E88
- soft tissue Ewing's, E249

Sarcomatosis, peritoneal, cytoreductive surgery with chemotherapy in, 620

Scalenus minimus muscle, incidence of, 372

Schwannoma, giant malignant melanocytic of posterior mediastinum, E22

Sclerotherapy injections, rectovaginal fistula after, E143

Seatbelt injury, blunt thoracic aortic, E335

Seatbelt sign, indicating CT angiography of neck, 1001

Segmental resection with reduction, for intestinal intussusceptions, 933

Sentinel lymph node

- biopsy of
 - in head and neck cancers, 1295
 - for melanoma, 388
- identification of, regional tattoos in, 331

Serial transverse enteroplasty (STEP) procedures, 826

Sestamibi-only approach, to minimally invasive parathyroidectomy, 797

Severity of injury, alcohol intoxication and survival in, 1289

Short bowel syndrome, multiple serial transverse enteroplasty procedures for, 826

Shotgun pellet embolization, in middle cerebral artery, E322

Sigmoid colectomy, for diverticular colovesical fistula, E289

Sigmoid colon

- adenocarcinoma of, 1305
- perforation of from toothpick impaction, E273

Sigmoid megacolon, with fecal impaction and giant calcified fecaloma, E96

Sigmoid-urachal fistula, presenting as incarcerated ventral hernia, E234

Sigmoid volvulus

- with anomalous congenital band, 1140
- through recurrent transverse mesocolic hernia, E177

Signet ring cells, in survival with pseudomyxoma peritonei, 1171

Skin graft wounds, negative pressure wound therapy for, E52

Skin reconstruction, AlloDerm® for, 476

Small bowel

- adenocarcinoma of, peritoneal carcinomatosis from, 644
- diverticulitis of, mimicking Crohn's disease, E246

Ewing's sarcoma of, E78

obstruction of

- accuracy of computed tomography for, 641
- adhesion-related, timing and surgical outcome of, 175
- early gastrografin follow-through for, 794
- gastrointestinal stromal tumors with, E180
- GI stromal tumors and, E180
- migrated biliary stent and, E253
- from mushroom bezoar, E102
- nasogastric decompression in, 422
- phytobezoar causing, E93
- reverse intestinal rotation in, E300

perforation of

- by germanium stone, E145
- mushroom bezoar in, E278
- nontraumatic, 381

Small cell carcinoma, stomach, E305

Small cell tumors, anal canal, 1068

Smithy, Horace G., profile of, 449, 450

Soave procedure, robotic-assisted, E223

Soft tissue reconstruction, AlloDerm® for, 476

Solid pseudopapillary neoplasms, extensive resection for, 534

Southeastern Surgical Congress, Practice Committee survey of, 711

Spermatic cord, liposarcoma of, E212

Spine

- thoracic, air rifle pellet migration to, E33
- traumatic injuries of, high-risk behavior in, 1086

Spleen

CT blush and injury to, 1089

- preservation of in total gastrectomy, 407
- rupture of after colonoscopy, E43

Splenic flexure mobilization, in left colectomy, 1305

Splenic hamartoma rupture, E331

Splint, finger, E135

Squamous cell carcinoma

- of anal canal, 1068
- clinicopathologic and prognostic analysis of, E206
- head and neck, sentinel lymph node biopsy in, 1295
- locally advanced, with internal mammary artery hemorrhage, E316

Stab wounds, tracheal, modern management of, 188

Stain, Steven C., at Albany Medical Center, 221

Staphylococcus, decolonization of from nasopharynx, 1

Staphylococcus aureus

- challenge of, 1
- methicillin-resistant (MRSA), 1

Stapled hemorrhoidopexy, rectal diverticulum after (letter), 1320

Stapled transanal rectal resection (STARR), rectal diverticulum after (letter), 1320

Stapler, curved, in rectal resection, 253

Stent graft, for TIPS in portal hypertension, 305

Stents

- biliary, migrated, E253
- coronary, 514
- endoscopic self-expanding metal, for acute colonic obstruction, 30
- esophageal

 - endoscopic insertion of, 634
 - esophagopericardial fistula after, 550

- self-expanding metallic, for mechanical intestinal obstructions, 1279
- for ureteral inguinoscrotal hernia, E133

Sternum

- malignant tumors of, E83
- reconstruction of, multiperforated bone cement in, E83
- traumatic fractures of, associated injuries in, 702

Stingray trauma, penetrating thoracoabdominal, management of, E54

Stomach, small cell carcinoma of, E305

Stomal prolapse, minimally invasive colostomy revision for, E167

Stones, concomitant gallbladder and common bile duct, 1142

Streptococcal fasciitis, remote group A β-hemolytic, E296

Stromal tumors

- gastric, incarcerated, E312
- gastrointestinal, 657
- small bowel, with obstruction, E180

Submandibular gland injury, in blunt trauma setting, E1

Substance abuse, in central nervous system injuries, 1086

Succus entericus reinfusion, for severe pancreatitis with multiple enteric fistulae, E169

Sudoku game theory, in surgical rotation scheduling, 958

Superior mesenteric artery syndrome

- after ileal pouch anal anastomosis, E14
- with pneumoperitoneum and pneumomediastinum, E240

Supernumerary finger, volar flap closure of, E292

Surgery follow-up clinic, psychiatric assessment at, 492

Surgical approach
for Crohn's disease, 279
for enterovaginal fistula, E139
for rectal prolapse repair, 686
Surgical failures, missed Ehlers-Danlos syndrome diagnosis in, 608

for gallbladder polyps, 1005
for primary hyperparathyroidism, 681
in thoracoscopic dental extraction, 891
University of Wisconsin, department of surgery at, 1123
Upper extremity fistulas, graft extension for, 625
Urachal tumor, benign, unusual findings in, E76
Ureteral inguinoscrotal hernia, stents for, E133
Ureteral stump carcinoma, after trauma nephrectomy, E231
Urinary bladder
hernia repair-related injuries to, 167
traumatic rupture of, 489
gasless laparoscopic repair of, E111
Urinary tract infections, catheter-associated, reducing, 745
Urogenital fatty fascial compartment, in hernia repair-related bladder injuries, 167

V

Valve replacement procedures, 449
development of, 450
Vancomycin
intermittent dosing versus continuous infusion of, 1185
for *Staphylococcus aureus* infections, 1
for toxic megacolon with abdominal compartment syndrome, E349
Vascular bypass, aortobiiliac versus aortobifemoral, 61
Vascular endothelial growth factor C, 198
Vascular endothelial growth factor receptor 3, 198
Vascular injuries, combat-related, damage control and open abdomen for, 747

Vascular resection, in pancreaticoduodenectomy, outcomes of, 1064
Vascular surgical site infections, quality improvement for, 274
Vena cava, inferior, congenitally absent, E202
Venous thromboembolism, risk factors for, 502
Venovenous extracorporeal membrane oxygenation, for acute pulmonary embolism, 444
Ventilator-associated pneumonia, intermittent dosing versus continuous infusion vancomycin for, 1185
Ventilator support, postoperative, oversedation in, 1106
Ventral hernia
 large contaminated, polypropylene mesh in management of, 1298
 regionalization of repair of, 693
Ventral hernia repair
 acute pulmonary embolism after, 444
 disproportionate resource use in, 815
 postoperative pain and quality of life after, 829
Ventricular assist devices, in orthotopic heart transplantation, 973
Ventricular laceration, with cardiac tamponade, delayed presentation of, E219
Ventricular septal defect, infective endocarditis in, E267
Vessel sealing, during pancreaticoduodenectomy, safety and effectiveness of, 290
Veteran hospital, colorectal cancer screening in, 296
Video-assisted thoracoscopic surgery (VATS), for lobectomy, 1075
Video endoscope, removal from main bronchus, E185
Villous adenoma, of appendix, E49

Virtual reality simulation, for resident assessment in flexible endoscopy, 14
Vitelline artery, persistent, during laparoscopic appendectomy, E10
Voice Impairment Score, postthyroidectomy, 1258
Volar flap closure, of broad-based supernumerary finger, E292
Volvulus, organoaxial gastric, E312
Vorinostat, in severe GI toxicity, E320

W

Walker, Irving, esophageal perforation treatment of, 902
Water, as contrast medium, 728
Weight loss, with laparoscopic sleeve gastrectomy, 739

Y

Yersinia enterocolitica infection, as perianal and colonic ulcers, E271

Z

Zargar's grade 3b gastric injuries, conservative management for, E294
Zeolite, in traumatic injury, 180
